Pipefitter

Locatie **Utrecht, Spakenburg**
https://www.advertentiex.nl/x-1770778-z

As a pipefitter you are going to be part of a company that is a leading specialist in the maritime sector. They provide world-class quality and service in air conditioning, ventilation, central heating, refrigeration and mechanical ventilation, and have supplied over 10,000 vessels worldwide. The no-nonsense and entrepreneurial spirit of the employees who founded the family business in 1965 continues to pervade the company today. At the same time they are always thinking ahead of the curve and come up with genuinely innovative systems and solutions.

Bedrijfsomschrijving

We have a different range of clients: from small to large, informal to formal. Together we determine what your needs are and ensure the right customer and go for the “perfect match". Are you the pipefitter we are looking for at Maintec? Don't wait any longer and apply!

Functieomschrijving

The pipefitter will carry out all activities form work orders and/or technical drawings. Such activities are installing, dismantling, replacing and performing maintenance on piping systems.

These piping systems are used for transport of liquids, solid materials, powders and gases and may consist of multiple sets of larger- and smaller-diameter ferrous and non-ferrous pipes.

Correctly makes use of various measuring tools such as measuring tape, protractor, carpenters level etc. and measuring methods.Is highly capable of improvisation when dealing with deviations and is able to obtain the correct result or able to produce a high quality final product. The pipefitter will perform tasks such as drilling, bending, grinding etc. and will construct complete and sometimes complex piping systems. Reports after completion work orders to the Foreman who will then verify the work.
