

## AVM FRITZBox

Locatie **Overijssel, Almelo**  
<https://www.advertentiax.nl/x-1548908-z>

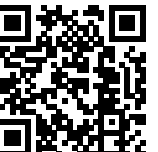

FRITZ!Box 5530 Fiber XGS-PON. Wifi-band: Dual-band (2.4 GHz / 5 GHz), Wifi-standaard: Wi-Fi 6 (802.11ax), WLAN gegevensoverdrachtsnelheid (max): 2400 Mbit/s. Interfacetype Ethernet LAN: Gigabit Ethernet. Ondersteunde beveiligingsalgoritmen: WPA3. Type product: Router om neer te zetten, Kleur van het product: Wit, LED-indicatoren: Stroom, WLAN, WPS. Antenne-ontwerp: Intern

De kracht van glasvezel met Wi-Fi 6  
 De FRITZ!Box 5530 Fiber biedt het volledige scala aan FRITZ!Box-functies rechtstreeks op de glasvezelaansluiting. In Nederland worden er verschillende glasvezeltechnologieën gebruikt. De FRITZ!Box 5530 Fiber Edition XGS-PON wordt geleverd met een passende SFP-module voor XGS-PON verbindingen. Om de gigabitsnelheden beveiligd draadloos in huis te distribueren, is de FRITZ!Box 5530 Fiber uitgerust met de standaard Wi-Fi 6, een 2,5-gigabit-LAN-poort maakt de highspeed-uitrusting compleet.

Innovatieve Wi-Fi 6 voor een netwerk met veel Wi-Fi-eindapparaten  
 De nieuwe standaard Wi-Fi 6 houdt rekening met het steeds groeiende aantal Wi-Fi-apparaten...

Ik verkoop dit omdat de modem helaas niet werkt op onze aansluiting- De conditie is nieuw (zie)

|                                                                                                                                                                                                                    |                                                                                                                                                                                                                     |                                                                                                                                                                                                                     |                                                                                                                                                                                                                     |                                                                                                                                                                                                                      |                                                                                                                                                                                                                       |                                                                                                                                                                                                                       |                                                                                                                                                                                                                       |                                                                                                                                                                                                                       |                                                                                                                                                                                                                       |
