AOC U28G2XUBK (290 EUR)

Locatie **Utrecht, Amersfoort**
https://www.advertentiex.nl/x-1685173-z

AOC offers one of the cheapest 4K 144Hz screens around, for those with a capable enough GPU to drive it.
If you are lucky enough to have a GPU powerful enough to drive it, the AOC U28G2XU looks like precisely the specification of monitor you might want to exploit that investment. And, even if you don't have that dream GPU now, eventually, video card prices will come back to earth, probably with a bump.

Screen size: (inch)28, 70.9 cm diagonal
