

## Storingstechnicus WTB

Locatie **Zeeland, Sluiskil**  
<https://www.advertentiax.nl/x-977700-z>

Ben jij de klantgerichte troubleshooter die de onderhoudsafdeling vertegenwoordigt buiten dagdienst?  
 Dan zoek ik jou.

### Functiebeschrijving

Als storingstechnicus WTB ben je werkzaam op de afdeling onderhoud en zorg je er samen met je E&A collega's voor dat storingen verholpen worden. Je werkt in volcontinu dienst en je werkzaamheden bestaan o.a. uit:

- Oplossen WTB-gerelateerde technische storingen in de procesinstallaties.
- Uitvoeren van geplande WTB-werkzaamheden indien er zich geen storingen voordoen (in dagdienst werkzaamheden uitvoeren i.o.v. de onderhoudscoördinator).
- Assisteren van E&A collega's.
- Zo nodig aansturen van contractors.
- Aandragen van oplossingen voor storingen en initiëren van verbeteringen op het gebied van effectiviteit, efficiency en veiligheid.

|                                                                                                                                                                                                                    |                                                                                                                                                                                                                     |                                                                                                                                                                                                                     |                                                                                                                                                                                                                     |                                                                                                                                                                                                                      |                                                                                                                                                                                                                       |                                                                                                                                                                                                                       |                                                                                                                                                                                                                       |                                                                                                                                                                                                                       |                                                                                                                                                                                                                       |
